(1) Prove that $A \in M_n(\mathbb{C})$ is similar to its transpose $A^t$.
(2) Find all similarity classes of $6 \times 6$ matrices over $\mathbb{C}$ satisfying $A^6 = 0$.
(3) Section 12.2: 8, 10.
(4) Section 12.3: 2, 6, 9, 19, 21, 30, 32.
