- Brian is a great TA. answers all questions you have, has a passion for the subject, great personality.
I would recommend him in the future.
- Brian is awesome! I learned a lot from him!
- Brian really cares about the students. He puts a lot of effort to help us. My only criticism is that Brian is so smart that he has trouble teaching us. He already sees the big picture and we don't. However, teaching is always a struggle. So it's understandable.
