9. Do you have any other comments to add to your evaluation?

*Please provide any additional constructive comments*

- Christian demonstrated a great understanding and passion in the course material. I enjoyed having him as the TA of this course as he provided many help and support throughout the quarter.

- Christian is one of the best TAs I've ever had. He goes above and beyond to help out the students!

- Christian was always prepared and willing to provide extra help for those who needed it. I tried his best to work around his students’ schedule.

- Christian Woods is an amazing TA, and it clearly shows by the number of students that attend his office hours. His explanations are very clear, and he tries to work out the math problems with his students. He is a true inspiration to all teacher assistants and I had the fortunate to have him as a TA for two quarters. I really hope to have him as a TA again! :) ps. he's incredibly good looking.

- During 121A, I never went to section. For 121B, I went to every single section, and it has helped my understanding of the material immensely. Christian is great at explaining concepts and giving novel examples, as well as encouraging new ways of approaching problems.

- He's super smart! He will be an excellent Math teacher.

- Thanks for being a really great TA!

- Very fun and engaging, I preferred the way section was run this quarter over Math 121A. The jeopardy style math quiz was really fun and I really enjoyed it.

- very good TA, positive energy and super good in teaching skills
