- Best TA I have ever had! Presents material in a way that students can actually understand.

- Christian did an amazing job, he is very knowledgeable, extremely helpful and patient. I couldn't have asked for a better TA.

  Thanks you so much Christian!!!!

- Christian is awesome. :] He's so helpful, I wish I could hire him as a personal tutor, but apparently that can't happen. :( I just hope I get to have him as a TA again in future classes!

- Christian is the best TA I've ever had, better than many teachers I have had. He knows the subject very well, is always prepared, and goes to exceptional lengths to help his students. All assignments were returned in a week or less, and expectations were explained very clearly. He encouraged class participation with group problems and candy, was on the same page as the instructor, and gave review sessions before each exam that lasted for a couple hours and was representative of the material. He was never frustrated with "dumb" questions, and was very respectful, even being patient with a disrespectful student whom no one liked. Christian should get an award or something, I highly recommend him to other students.

- Christian was a phenomenal asset to both the students and Professor Lin. He encouraged us to
think critically of the material, and provided many opportunities that allowed us to exhibit what we had learned. Definitely a great experience.

- Christian was an outstanding TA. He really went out of his way to make sure I understood the material. He was always respectful to all students and was very patient. I normally don't fill out TA evaluations and I have a lot to study for in other course finals so it goes to show how much I enjoyed having Christian as my TA. Great work Christian, hope to have another class with you.

- Christian was outstanding in every way. He was polite, helpful, and brilliant with the material. He was very nice and extremely organized and prompt with posting grades.

- Christian was perhaps the best TA I have ever had. He was key to my success in this class.

- Christian was super helpful throughout the quarter. His office hours helped me so much with the class, and I went every week.

- Christian was the best TA I have ever had. He would explain any of the questions I had from homework or lecture very clear and precise ways. He also put a lot of his time into office hours, and he would upload homework solutions within a day of the homework being turned in. I know I would not have done as well in Mathematical Reasoning if it weren't for him and his dedication to helping the class out.

- Christian was truly helpful throughout the course! He was very diligent in updating grades, providing solutions to homework, and announcements on TED. He was very approachable and easy to talk to. He explains the content with ease and has much patience :) Overall, I enjoyed Math 109 because of him. Thanks Christian!

- Christian Woods is extremely helpful when it comes to explaining the course material.

- Hands down, one of the best TA's I've had in my three years at UCSD. Christian not only knows the material like the back of his hand, he knows how to present and explain the information in a way that younger students can understand. I really appreciate that he offers office hours twice a week and I've made his office hours and discussion sections a regular appointment. He is exceptionally patient and kind with students who have trouble learning, as well. Christian is also very on-top of his promises and regrades and has a great memory- he memorized my name and face after my first office hour attendance! UCSD is truly very lucky to have a brilliant graduate student and TA like Christian.

- He is immortal!

- HE Is the best TA i ever have

- He was the best TA I had this quater.

- He's on top of his stuff. Excellent TA.

- I highly recommend Christian to be the TA for 109. It is very helpful. I cannot gain better grade without his help.

- One of the best TA's I ever had, nuff said.

- Probably one of the best TA's I've ever had.

- The best TA I've had so far! Extreamly helpful and knowledgable. I give him A+++.

- Went above and beyond in helping the students of this class. One of the best TAs I have had, always available and willing to help

- When I e-mailed him with questions about homework problems, he was very helpful and pointed me in the right direction.
