

# Southern California Algebraic Geometry Seminar

February 24, 2007

All talks in APM 6402, UCSD

9:30-10:30 Tom Graber, CalTech

*Restriction of sections for families of abelian varieties*

11:00-12:00 Bernd Siebert, Freiburg

*Tropical geometry and mirror symmetry*

2:00-3:00 Paolo Cascini, UCSB

*Finite generation of the canonical ring I*

3:30-4:30 James McKernan, UCSB

*Finite generation of the canonical ring II*
