- Amazing assistant she explains all the concepts very well and I could tell she cared about my understanding of the material. Great instructional assistant I wish she was an assistant for all my courses.

- Mozghan goes above and beyond every week and I really can't thank her enough. She always puts in extra time with politeness and courtesy. She makes me feel comfortable asking questions and always takes time to make sure I understand.

- Mozghan was great, and I went to all (but one) of her discussions and went to her office about 7 or 8 times. She was very helpful and I knowledgeable in the material. I only wish that sometimes she went more into how to solve and understand the problems and not just go over the homework problems.

- Nope

- One of the best TA’s ive had at UCSD.

- She is super nice. She all students to her Office Hours and she would like us to send email to her and ask questions.

- She is the best math TA I have ever had at this school. Although her Office Hours and discussions are on Friday 8am or Friday night, a lot of students show up. This shows how great she is. She explains it evry clearly and even does a better job than the professor. I really appreciate her and I hope I have her again as my TA.

- She was a huge help with this class. Always offered understandable explanations for problems. Great TA.

- She was an amazing TA. She helped me with all of my questions and every section was extremely helpful. I only have positive things to say.

- Super patient and helpful!
