

MATH 140A. FINAL EXAM. WINTER 2009

Pledge. I pledge on my personal integrity and self-esteem, that when working on my solutions for this test I did NOT:

1. Consult any texts except Rudin's *Principles of Mathematical Analysis*,
2. Consult any lecture notes or problem solutions except those based on the current 140A lectures and discussion sections which were written by myself, another student in the class, or the lecturer or teaching assistants for the class.
3. Open any websites or computer files containing information relevant to the test except for the official course websites of the instructor and teaching assistants.
4. Communicate in any way with any human or computerized sources regarding the questions on this test. (Exception: Questions regarding the validity of any problem on the test should be emailed to the Instructor.)
