

Math 240C; practicalities.

- First 5-6 weeks of material will be included in Qual. Rest of quarter will be special topic TBD.
- Midterm after 5-6 week period which will determine grade. No final exam.
in Finland
- Cover Ch. 7-8^V (or as much of 8 as we have time for). Precisely what you are responsible for on midterm will be determined closer to week 5-6. You are responsible for reading textbook. Not everything will be covered in class.
- I will maintain a course web site (accessible from department's home page, where my lecture notes (raw form) will be posted).
- Lecture will be on Zoom (real time) via Canvas. Reg. required.

- Office hours: Fri 10-11.
- HW each week, due on Fri ^{@ 9pm} via Gradescope, ^(?) announced on course web site.
- In general, I will follow general policies established by Prof. Zlatos in 240AB (as far as I understand them).
- Grades will be computed.
 - HW 35%
 - Midterm 65%
- Same TAs as previous quarters:
Yunyi Zhang.
