- Hardworking guy! Great to be around. Keep it up bro

- He is a TA that can explain a difficult course in a concise and effective manner, I think he has what it takes to teach a high level course since he understand concepts that I could only dream to remember. It also helps that he took the time to explain to me a hard topic that I had troubled on grasping. Overall score:(8.8/10)

- He works very hard to help us to understand the materials and to solve homework problems. He is a very helpful TA.

- Made cookies for us the day of the final so he gets an A from me. He was also helpful in section!

- Roman did a good job teaching the material to the whole class, which include a wide range of math backgrounds. Some students had just finished an introductory ODE class and others are graduating math majors with a much stronger math foundation. But Roman answered every questions patiently and fully and never made anyone feel embarrassed or shy about asking questions.

- Roman rocks!

- Unrequited sexual interest was the only frustrating thing.

- Very nice person and he holds many review sessions and office hours!
