- A really good and helpful TA! Helped me tremendously to better understand the material and really appreciated all of his help and discussions.

- Amazing TA. Puts a lot of extra work in - created a practice packet for the final exam consisting of 50 problems and wrote solutions to them. Overall awesome, keep on doing the good work.

- He's nice

- Never went to section.

- Roman was fantastic. I got so lucky he turned out to be my TA. He prepared practice midterms and finals for the class, helped further explains topics in discussion and provided very useful examples to explain concepts. He explains things very clearly and on a level students can understand. I would highly recommend him as a TA to others. Thank you so much, Roman you were more than helpful! Unrelated but he also has a great sense of style!

- This TA proved to me that having a helpful math TA makes a huge difference in your understanding of the material. Roman was an extremely good TA who made sure his class understood the basics that were not taught in class. He even made a practice midterm for his sections, and going to his section really helped me with this class.
