Please provide any additional constructive comments

- He is very good at picking out important elements of the course and explaining them well. He is also funny.
- He was very helpful but the only problem is that he had all his office hours on one day and it made it inconvenient.
- he's a good guy providing a lot of office hours to help students before exams
- One of the best TAs ive had.
- Really helpful and awesome.
- Roman is great.
- Roman is one of the best, hard-working math TAs I have ever had! He gives 8 hours of office hours total in 3 consecutive days the week before the exam day, EIGHT HOURS in THREE DAYS!! That really helped me getting better grades on the second exam. He is dedicated and love what he is teaching us, therefore there is no better type of TA than the type of TA Roman is. Great job, Roman! I hope you will continue to inspire other students and enjoy what you are teaching in 103B.
- The scheduled discussion times were very difficult to attend amongst other classes and work schedules. I have never had a problem with discussion class times, but this class seemed very limited- if you weren’t available Thursday morning then that was it.
