- I went to Robbie during a couple sections (even though it wasn't my assigned section time), as well as to his office hours. I cannot say enough about how helpful Robbie was! He explains concepts well, has multiple examples right off the top of his head and is super patient. I honestly don't think I would have passed this class without his help. Give this man a raise!!!

- Pretty funny at times.

- Robbie genuinely cares about the students' learning and is willing to work around schedules to help anyone who asks for it. One of the best TAs I've had the pleasure of working with.

- Robbie is amazing

- Robbie was very clear and has some of the best chalk board handwriting I’ve seen. Unfortunately, many math professors and TA's have illegible handwriting so to have someone who can speak/write clearly is refreshing.
