9. Do you have any other comments to add to your evaluation?

Please provide any additional constructive comments

• Answered Not Applicable because I did not go to section enough to determine an appropriate evaluation.

• Best math TA I have had so far.

• Best TA I've had for any class.

• Good guy!!!!!!!!!!

• He's cool.

• I attended his office hours once a week, and he did his best to help me succeed by providing invaluable knowledge and time. Very helpful and kind.

• I do not have any comments to add to this evaluation.

• Knows his stuff! In a class that can be confusing, was very clear with material and taught it well.

• My apologies for not being able to make it to section but I truly appreciate the office hours you held and the time you took to help me with all of my questions. Thank you!!

• Really helpful in section because he breaks down what is happening in class and lets you openly interrupt and ask questions so you really learn.

• Section seemed very unnecessary in this class for me.

• Sinan is knowledgeable about the material, and is patient with students and very encouraging in helping you understand the material.

• Sinan is very helpful. He answers every question clearly and is just willing to help his students ace the tests. He's very approachable during office hours as well! He makes everything seem easier!
• Sinan was easy to talk to and very nice. He was able to help me one on one in class because no one showed up and is a good TA. Sometimes it was hard to comprehend what he was saying, but I think that he is very smart and a good TA for math. He explains things well and slowly for everyone to understand.

• Thank you

• Very helpful in discussion. Clearly explains the material in a way that students can understand it. Really takes the effort to make sure students are engaged and help them learn. Really a great TA
