9. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- Even though I was close to failing the class (I eventually withdrew), she was still patient and kind enough to help me with the proofs even after I withdrew from class. I really appreciate her for that...
- Grading should be less harsh
- The way she explains class concepts is easily accessible. Math 109 was a tough class, but she helped me understand the class material better.
