COURSE | MATH 20D • Introduction to Differential Equations
INSTRUCTOR | Eggers, John
SECTIONS | A01, A02 (Total Students: 68)

TOTAL COMMENTS: 14

1) Miles Jones = Confucius. He has a killer mustache that catches students attention.

2) I enjoyed this TA however he seemed to get jumbled easily and so the sections were not all that helpful in the long run. However, when you had a question he was willing to try to help you out and he was usually available.

3) Miles is great and responsible.

4) I've had Miles for 2 quarters and he's a great TA.

5) Miles is an excellent TA and if it weren't for the fact that I am writing this review again, I would have more to say. The bottom line: Miles teaches the material well.

6) Miles is an excellent TA who explains problems very effectively both in section and during his office hours. He goes through every step of the problem solving process while making sure that everyone is following.

7) Miles was very helpful whenever I had a question about homework or concepts on the MATLAB that i had problems with. I would definitely recommend him to anyone as a TA, and I am hoping to have him again in the future.

8) good and interesting, very helpful

9) HE IS THE AWESOMEST MATH TA I'VE EVER HAD! he is so nice and obviously cares about us learning the material in a practical and course oriented way

10) There isn't much to add really. He's really helpful during discussion sessions and is readily available to explain things for lab assignments.

11) Helps explain complex things in multiple ways.

12) Miles is very helpful and accessible. Answers questions well. Very knowledgeable. Good TA.

13) Good TA, would take him again.

14) He was the best TA I've ever had for math. He explained everything so well and very enthusiastically!! And he never gave up when we did tough problems! he's amazing and has a crazy moustache! :)
