How to Reimburse Foreign Visitors

Honoraria

Payment to a professional (such as a guest speaker) in recognition of a distinguished achievement or special service, such as a lecture. OR to offset the payee's expenses since custom or propriety precludes setting a fixed price.

Typically an honorarium is paid in lieu of travel expense reimbursement.

In some cases, an honorarium includes an allowance for travel expenses, which is different from reimbursement for actual travel expenses. Tax implications are one of the most significant differences between payment of an honorarium and reimbursement of travel expenses for a foreign visitor since 1) honorarium is considered income to the recipient and 2) Reimbursement of official business travel expenses is not considered income.

To pay an honorarium

Follow the guidelines, which include the following requirements:

- Payee must provide Social Security number (SSN) or Individual Tax Identification Number (ITIN).
- Payee whose visa status is B-1, B-2, WB, or WT must complete a Certification of Academic Activity form.

Reimbursing travel expense is repaying a traveler for an actual expense which is eligible for reimbursement.

- Follow the guidelines for reimbursing travel expenses related to UCSD business.
- If foreign visitor indicate FOREIGNER on the Travel Expense Voucher (TEV) if traveler is not a U.S. citizen and does not have a Social Security number (SSN). Also indicate visa status on the TEV. Any traveler whose visa status is B-2 or WT must complete a Certification of Academic Activity form and is subject to the 9 Day Rule.
