- Amazing TA, answered all questions and helped to work through problems in detail.

- Great IA, very competent and explains concepts well.

- If I didn't attend that one office hours session within the quarter I would have failed this class on the first midterm.

- Literally one of the best TAs I've ever had.
  Great at explaining and providing exercise during discussion.

- Patient, caring and friendly TA! Always cheerful and approachable so asking questions is very easy. Tanny will explain the content in detail and provide hints to the students to help them understand and answer the question. He will even check your answers to make sure it is correct if you ask him to. Overall excellent TA, I am so glad I had him for my abstract algebra class.
